

Chapel Builders of California

We are back in Concord Faith MBC Finishing up what we started last month, remodeling a building to be used for missionary conferences and most importantly working with a lot of young kids.

We're going to go home from here and fix a sewer line at my home church and get ready to head east for a couple of months. We plan to help on the Macedonian project in OK.

And to work with Taylors on a few projects and possibly go to the National meeting!

We have 6 Churches maybe more that I'm working with for projects when we return home.

Please keep us in your prayers for safety and wisdom.

Wow it's April already,

This past week I was able to attend our State Association meeting where our local churches gather together and hear our missionary's reports and are hopefully going back to tell their churches about all that God is doing through the ministries being done and missionaries working to start new churches in the state and around the world.

As for the this Ministry that God has allowed Robyn and I to be a part of these past 18 years we have a lot to be thankful for this year and yet we still have needs to share with you.

Only the Lord knows why we still have needs but we do, and we need your help to keep us on the road doing the work that He gives us to do.

But I also have seen over the years God supply when things seem hopeless. We aren't losing Churches that support us as much as our monthly support has been down this past year an average of \$700 a month. I can speculate that our churches are hurting financially and that causes their support to then be less than they would like to give.

Therefore now more than ever we need your help. If your Church can add us on for support or increase your support or even send in a one time offering to help we would greatly appreciate it.

Thanks so much for all your prayers and support!

Please visit our Website and view our video of what we did during this past year
