

# Chapel Builders of California

Over the last 2 months we have had some troublesome trials, but GOD IS SO GOOD to us and worked everything out, and we give HIM all the PRAISE!

We headed out of California the 1st of May, visited our kids and new grandson before heading to Indiana, or so we thought!

On our way out of Las Vegas, just 5 minutes down the road we were hit, by a lady who lost control of her car, crossed the center divide and in the process broke our new truck and totaled our fifth wheel trailer!

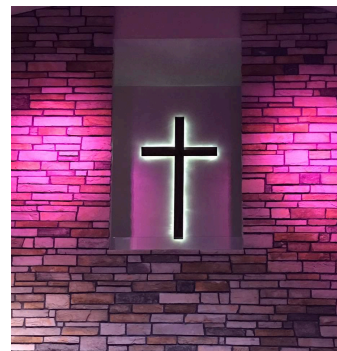

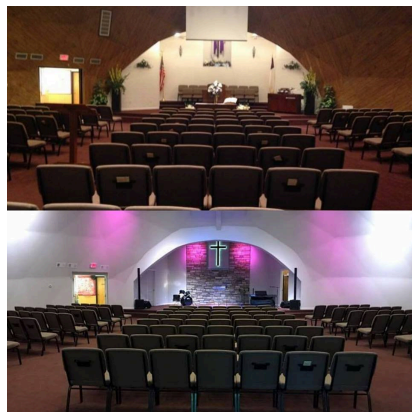

Thankfully no one was injured and it's only stuff that was lost! We are so grateful that God spared us all from injuries, and that only things that can be replaced were broken.

It was a trying couple of weeks dealing with insurances and figuring out what to do. But God, had this figured out before anything had ever happened including His leading a couple to send in a love offering that helped us to be able to put a large down payment on

our replacement fifth wheel trailer. Because our truck is brand new and a new model for Ford, replacement parts are scarce and I was told that it would take 2-3 months to repair. I received a call from Brant Lane who offered the use of a Macedonian truck, which we accepted and are currently using. Thank you Macedonian for your gracious offer, it has been a huge blessing!

We missed the Indiana project, but made it to Bedford, Texas, where we've been these past 5 weeks remodeling the sanctuary of the Central Baptist church. It has been a huge undertaking, and each of the builders were challenged in some way just getting here, and then with the building. As with everything we do for the Lord, even the challenges are good! We have been so blessed to be here with this fine church and even with all of the struggles, God has blessed in giving them a beautiful new fresh place to worship our Lord in, and reach souls in this community, winning them to the LORD!

## Upcoming projects:

The next few weeks we will be working with Randy Taylor on his project in Science Hill Kentucky

The middle of August we'll be working in Wanatchee, Wa and then home for our daughters wedding.

This fall has us back in California, Clovis, Barstow and Hesperia with others in the works.

Please call me if you are interested in helping with any of these, and need dates

With or gracious donation and insurance we've been able to purchase a new replacement trailer and only owe about \$5,000 any donations to help pay this off are appreciated! 😊
