

# Chapel Builders of California

June, 6<sup>th</sup> 2018

We have had a crazy, wild, few months of extremely busy! I've been building for the Lord in this capacity as your missionary builder for Chapel Builders of California since October 1996... meaning we are on the bottom half of year 22. I don't know if we are the busiest that we've ever been, or it just seems that way!

We have about 14 churches that are on our list for help! There are probably 4-5 of these that are future projects that could be as much as a year or more off. Some are already scheduled for this year and into next year. If you're not already on my list and have building needs that you would like us to help with, or if you are on our list and have questions, please email or call us!

As our schedule is really full, this means that we are in need of all the help that we can get! Please know that you are welcome and needed on these projects.

We have been blessed this year to have Ryan Budda who has recently surrendered to the building ministry out of the Bethel MBC in WA. He has helped us on almost all of our projects this year. Ryan will be there to help us in Spokane too, as well as, another young man out of the Denair MBC CA, their Pastor's son, Adam Dornan who is also the grandson of the Phillips from Clovis that work with us full time.

We are so excited how God is working in the Ministry, and how he continually supplies our needs in time, materials and labourers. Also, getting to see how God is changing people's lives who give their time to the Lord for a material need of one of the Lord's churches but in doing so their spiritual lives are also built up! We are also excited that Brother Randy and Sister Debbie Taylor are joining us for the next couple of months, and a chance to work together with other builders from around the country, as a couple of weeks of the Valley project will also be a Macedonian project.
