

Chapel Builders of California

January 1, 2018

Happy New Years from the Wharton's, your California Chapel Builders!

2017 was an amazing year! It was filled with many blessings and many trials. Our Lord is good and helped us through all of these. We trust in Him daily and He has never let us down! We sometimes let Him down and pray that each day He'll draw us closer to Him and make us more like Him.

We made many new friends from around the country, and enjoyed our time working with many of our sister churches and helped several pastors with needs on their homes. We lost friends that went home to be with the Lord and we've seen Him raise up new workers to do a good work for Him. We see the downfall of this world and are looking up, waiting for His return. Even so!!

I'm not sure if our current busy schedule is because of an economic boom or maybe just the opposite! I have had more churches requesting help this past year than any other before it. I'm currently working with 18 churches in some way or another and we have a full schedule for 2018 and even some already scheduled for 2019.

This is a blessing for sure but also a load that we will need help with. Our mostly volunteer crew is of retirement age and only the Lord knows how we will hold up under the current load. That said we ask that if we are in your area on a project that you would consider coming out and working with us. If your church has asked for help please encourage your membership to take time out and come work with us.

Thank you so much for your continued support for this ministry and for us! We covet your prayers for we know, that in them is the power of our Lord!

Pray for all of the other builders and the needs that each of them have, that the Lord will keep us healthy and continue to supply!

Please keep our sponsoring church in your prayers as well!

Upcoming projects:
2018

January 8th Faith MBC
Concord, CA
Bathrooms

February 5th, First
MBC Bakersfield, CA
Sanctuary remodel

March 27-29 CA state
association

April 5th
