

Chapel Builders of California

November 1, 2017

It's Fall again, and there is no better time to be in the Desert!

The desert is not my favorite place to be, but this is the best time of year weatherwise. We are currently working in Hesperia and when we leave here Monday, we'll be in Barstow.

The last part of this year is filled with helping pastors with their homes. First was in Clovis, now Hesperia and Barstow following, with the final project for us being at home working on our pastor's home. Our pastors give so much and usually don't make a lot of money. Not that the Lord doesn't meet their needs but most are worthy of double honor according to the Word and sacrifice so much for the work of the Lord. We feel blessed to be able to help them with these needs.

This year has been a crazy one for us and really busy. Next year is "Full" with projects scheduled nearly back to back and churches already in the line up for 2019. This brings challenges in the way of workers for all of the projects that are scheduled. We've had injuries with some of our workers and we are all getting older too. We ask that you consider spending some time with us on one or more of our upcoming projects if possible! We would love the help & fellowship!

A Huge Thank You to all of you that have been praying for the return of our truck and for the payoff of our new trailer. God has supplied greatly and is worthy of all the praise. We are humbled and blessed that you have been so faithful in the support of this work of the Lord.

God has led Ryan Budda from the Bethel MBC in Otis Orchards WA to step out on faith as a missionary builder. He is a faithful young man who is the grandson of pastor Ron Budda of Idaho and Son of Jon Budda. All of these men have been involved in the building ministry and helped several Churches and Missionaries around the world. Ryan will be looking for support! If your church is looking for someone to support, he would be a good one to pick up!

Upcoming projects:
2018

January 8th Faith MBC
Concord, CA
Bathrooms

February 1st,
Bakersfield, CA
Sanctuary remodel

March, April, May
Chico- fellowship hall
Remodel
North Highlands
