

# Chapel Builders of California

## Upcoming projects:

We have several projects in the works and many have delays because of finances and permits etc.... we'll be working in Redding soon and discussing a time table for a project up here in Spokane at Valley and several others in California.

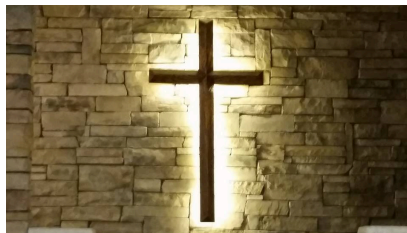

If time permits I'll do some side jobs at home to help boost our travel funds

## On the Move!

The past couple of months we've been working with Builders Randy and Debbie Taylor from Kentucky here in California and now up in Washington. They arrived to a whirl wind trip as we started our work in Shafter painting the outside of their building then on to Receda where we replaced some fascia boards and painted there. Then on to our home in Madera a couple of days before heading to Concord to finish up the bathrooms and then to Denair for a sanctuary remodel. We are now in Spokane working for the Bethel MBC and doing some work on their pastors home. A special thank you to the Taylors for all their hard work.

Of course we have also been blessed to work with our normal California team of builders and the Smith's who came down from Wa. to help in Denair.

Please keep us in your prayers as we finish up the year. Our monthly finances have been very low and threatening our abilities to continue to stay on the road, but love offerings have made up the difference as we go and I can't thank each of you enough for your prayers and support as I know that monies are tight and we feel your love and prayers.
