

# Chapel Builders of California

Year End 2016

We have been so blessed this last year by the LORD with all the work He allowed us to help do, and by all of you that support and faithfully pray for us. The team of people that we work with here in California are such a blessing. This team has fluxuated throughout the year as some have had other things to work on, but we have always had the needed team for each project we've been able to work on.

Upcoming projects:

Arroyo Grande, Ca  
January 30<sup>th</sup>-  
Porterville, Ca  
Long Beach, Ca  
Hisperia, Ca  
Barstow, Ca

Terre Haute, IN  
May 8<sup>th</sup>-13<sup>th</sup>  
Bedford, TX

Please call me if  
you are interested  
in helping with any  
of these, and need  
dates

We were blessed to work with the Taylors on four projects in four different states this past fall. And blessed to work with the Macedonian team in Louisiana and Kentucky.

We were also blessed to work in Oregon this past year and of course most of our time has been right here in California working on beautifying the Lord's houses and helping our pastors by bringing some parsonages back into the current century.

This past year has also brought with it a few challenges! One being our truck which is an 04 model which wasn't Ford's best effort but God has blessed us with help keeping it on the road and by **starting a truck fund towards it's future replacement.** I've also had some heart issues requiring stents, and just had to have another one this past week! I am blessed to have A GOD that loves and uses me, health insurance and good doctors! I am also blessed by all of you that have prayed for me during this. Please pray with Robyn and I that this stent

will be the last necessary for a long time.

This next year is shaping up to be a very busy one again! If you know me, you know that I like to be busy and it seems that we always stay that way. We'll be in California for the first four months of the year and then back east to work with Brother Taylor and then to Texas to help former California pastor Steve Ridings in Bedford to remodel the sanctuary there. After which we may go on to the National meeting? And then onto some other projects back east before returning to California.

Needs for the year:

Keep up the prayers for us for health, safety for workers, and traveling mercies!

Funds for travel

Funds dedicated towards a replacing our truck

Wisdom to know God's will in what we are doing

Thank you so much for all of your prayers, your care and support of us!
